OUR STRATEGIC APPROACH TO SUPPORTING FAMILIES

The Family Advocate Program provides an environment of respect while assisting the consumer and family members with identifying strengths, developing and rating family goals, and recognizing and developing their family support resources through on-site and in-home visitations case management.

The Family Advocate works very closely with the individual/family member to form a partnership which provides the individual/family member with the opportunity to feel empowered and able to reach their desired outcome.

ABOUT US

Since 1996, the services and programs provided by the Children and Family Connection of Russell County Inc. (CFC) actively seek to strengthen and empower families to become self-sufficient and responsible community members. We believe that the family is the ideal setting in which members of the community can experience meaningful growth and develop positive values, beliefs, attitudes, and behaviors.

All the services offered at CFC are highly individualized, family-focused and work in partnership with existing resources. To this end, our mission is to help strengthen and uplift families. We will accomplish these priorities by providing assessment, education, survival needs, preservation/prevention-oriented services, need based services, and follow-up. Our goal is to help make Russell County a safe place for families to thrive.

We continue to look for help from our community in the form of donations of money, food, clothing, and time. With your help, CFC will continue to serve the families of Russell County and strive for a better tomorrow.

FAMILIES WE'VE HELPED

“The CFC has helped me in so many ways. They offer numerous programs and they actually want to help. This is more than just a job to the people that work here. They are dedicated to helping families and individuals in the community.” –T.K. Phenix City

“My time here at CFC has been very rewarding. The budgeting class has helped me shine light on some of my weaknesses when it comes to spending. It is a great program and I feel that it could be beneficial to many people.” – S.K. Hurtsboro

“CFC helped me provide support for my son. They told me about a program that helps me get to doctor’s appointments. It really is a wonderful program that helped families who need help.” –A.H. Fort Mitchell

“I appreciate everything the staff has done for me. Without them, it didn’t seem possible. I was really lost when I came here, and they turned it all around. I am grateful for them, and recommend CFC to any and everyone.” –R.R Ladonia
